SPA

The Spa is a place to experience the extraordinary, restorative treatments offered by a truly gracious and passionate team of healers and servers. It is a place to dwell, to linger and heal through our one-of-a-kind hydro-therapy experience that is at the center of our philosophy: healing through water.

We have seen the benefits first-hand, as our guests emerge with the physical, mental/emotional, and spiritual benefits of not only ‘taking the waters’, but taking more than a single hour or service to fully commit to their personal wellbeing journey.

GET THE MOST OUT OF YOUR SPA VISIT—

M E D I C I N E W H E E L

As you approach the Spa, you'll see our sweeping entry includes the grounding element of fire pots, symbolizing our passion for wellness. You'll walk through our medicine wheel, complete with indigenous herbs and plants used in our treatments. The wheel is flanked with water walls that spill into grounding fountain pools. At the center of the wheel is our intention circle that features mineral and stone selected by our founding team members with specific intentions in mind. We invite you to pause in the center and offer your own intention.

F A C I L I T I E S

To the right of the Spa entrance is our Salon, featuring unique nail and hair services and to the left is our retail Boutique. The Spa offers more than 23 treatment rooms located on two levels, men's and women's locker lounges, and an outdoor 25 meter heated spa saltwater pool for lap swimming, lounging, bistro style seating and 4 private cabanas. Our co-ed relaxation lounge is a grounding sanctuary and the perfect place to rest before and after your treatment; offering healthy snacks and teas, oversized lounge pods, and a sweeping view of Black Mountain.

Spa amenities including the lap pool, Aqua Therapy Circuit and amenities are available for guests who have a same-day spa or salon appointment. Resort guests without a service may utilize the Spa amenities for the day at a fee of \$30 per person.

AQUA THERAPY CIRCUIT—

AN IMMERSIVE SPA EXPERIENCE

Water plays an essential role in healing the body and calming the mind. As part of every experience at the Spa, we encourage all guests to begin their journey with the benefits of hydro-therapy that utilizes alternating hot and cold elements. This pre-treatment ritual aids in grounding and preparing your body by boosting circulation and soothing the soul.

AQUA THERAPY CIRCUIT

Our Aqua Therapy Circuit features hot and cold Kneipp Walks, Tepidarium pool, cold deluge shower, and KLAFS Sanarium offering humidity and heat from within.

SELF-GUIDED JOURNEY

Start with your choice of one of the warm elements for approximately 8-10 minutes or until your body feels as if it has reached its limit.

Immediately following, immerse yourself in a cold element for approximately 20-60 seconds by walking or completely submerging yourself.

Rest and rehydrate for 5 minutes to allow your heart rate to return to a resting state.

A full circuit includes three rounds of hot, cold, and rest in the modalities of your choice.

- **Kneipp Walks** – Includes a cold pool set to 55 degrees and a hot pool set to 104 degrees.
- **Tepidarium Pool** - This large, warm pool circulates oxygenated water set to 102 degrees. Within the pool resides a relaxation bench, built-in wave loungers, and a powerful volcano pad to relax and elevate the core body temperature.
- **Cold Deluge Shower** – Icy 59 degree water fills a container that is self-pulled to then saturate the body from head-to-toe.

While the clay dries--toning and purifying the skin as it does--enjoy a warm hydrating hair and scalp treatment. Once the body is wrapped in herbal infused sheets, drift even deeper into a trance-like state as you receive a mini-facial featuring Kypris Beauty products.
